

Is Seeking Individuals as Standardized Patients for the University of Toronto Mississauga Academy of Medicine (MAM) Campus

A Standardized Patient (SP) is an individual trained to simulate the symptoms of a real patient in a supportive and simulated clinical environment. The current pool of SPs at the MAM campus are a diverse group representing Mississauga, and surrounding communities.

If you are:

- ✓ 20 to 60 years of age
- ✓ Able to retain information
- ✓ Reliable and punctual
- ✓ An active listener
- ✓ Able to work with others in a professional and respectful manner
- ✓ Able to receive constructive feedback and provide feedback to learners
- ✓ Able to follow detailed instructions and reproduce simulation consistently
- ✓ knowledge of a second language is an asset

THEN THIS OPPORTUNITY IS FOR YOU!!

Apply to be a SP [online](#) by July 15, 2022

Additional Information

- SPs are casual employees of the University of Toronto and are members of United Steel Workers (USW) 1998 casual unit.
- SPs are paid an hourly rate depending on the project or scenario and always a minimum of two hours. Pay is on a bi-weekly basis.
- SP work hours are irregular and sporadic in nature, since they are dependent on multiple factors – projects, UofT academic year, etc. The SPP cannot guarantee a fixed minimum or maximum number of hours of work.
- Training may be conducted online on Zoom or in-person at the Mississauga Academy of Medicine (MAM) campus located at 3359 Mississauga Road.
